

CLAIMS

I claim:

1. A telescopic leg ladder comprising:
 - (A) leg ladder with two vertical legs; *2 legs*
 - (A) plurality of horizontal steps;
 - (Each leg having a telescopic device that allows it to be extended; *N.A.B. - which leg*
 - (A) securing locking device that will fix the extended leg of the ladder; *N.A.B.*
 - (A) foot pad attached to the floor pad of the telescopic extension device; *N.A.B.*
 - (Pads on the upper edges of the ladder; and *N.A.B.*
 - (A) mechanism consisting of sliding rods from the rungs of the ladder in order to hang objects. *N.A.B.*
2. (A) telescopic leg ladder as claimed in Claim 1 wherein the telescopic device is a threaded screw mechanism. *not shown*
3. (A) telescopic leg ladder as claimed in Claim 1 wherein the telescopic device is a slide tube mechanism. *- 112 what is this not shown*
4. (A) telescopic leg ladder as claimed in Claim 1 wherein the telescopic device is a spring loaded mechanism. *not shown*
5. (A) telescopic leg ladder as claimed in Claim 1 wherein the telescopic device is a hydraulic mechanism. *unclear not shown*
6. (A) telescopic leg ladder as claimed in Claim 1 wherein the securing device is a metal pin.
7. (A) telescopic leg ladder as claimed in Claim 1 wherein the foot pad is covered with small pointed studs for increasing its grip on uneven terrain.

8. (A) telescopic leg ladder as claimed in Claim 1 wherein the pads on the upper edges of the ladder are fitted with rubber to increase its grip and stability. NAB
9. (A) telescopic leg ladder as claimed in Claim 1 wherein the pads on the upper edges of the ladder are fitted with plastic to increase its grip and stability. NAB
10. (A) telescopic leg ladder as claimed in Claim 1 wherein the mechanism to hang objects includes hanging tools. what is that
11. (A) telescopic leg ladder as claimed in Claim 1 wherein the mechanism to hang objects includes hanging paint cans. 112
12. (A) telescopic leg ladder as claimed in Claim 1 wherein the mechanism to hang objects includes hanging nail holders. 112
13. (A) telescopic leg ladder as claimed in Claim 1 wherein the mechanism to hang objects includes hanging tool holders. 112
14. (A) telescopic leg ladder as claimed in Claim 1 wherein the ladder and telescopic mechanism is produced of aluminum. NAB
15. (A) telescopic leg ladder as claimed in Claim 1 wherein the ladder and telescopic mechanism is produced of fiberglass. NAB
